October 1, 2024

Dear Valued Customer,

As part of our ongoing commitment to sustainability and environmental responsibility, we'd like to inform you of a change to our clean agent product portfolio.

In line with our dedication to providing sustainable, eco-friendly products, we will be discontinuing Halotron 1 portable fire extinguishers effective December 1, 2024. Halotron 1 contains hydrochlorofluorocarbons (HCFC-123) which are being phased out due to their ozone depleting potential. Additionally, Halotron 1 contains fluorinated atoms. While there are no active or impending regulatory developments to restrict the sale or distribution of Halotron 1 fire extinguishers, we have decided to discontinue this offering and will be diligently working to identify fluorine free alternatives.

Halotron 1 extinguishers will continue to be available for sale through December 1, 2024, while supplies last. In December, we will discontinue the Halotron fire extinguishers and will update Technical Bulletin #126, Discontinued Badger/Kidde Fire Extinguisher Models, to include the models in the table below.

Standard	Brand	Size	Model
UL	Badger	2.5LB	2.5HB-2
		5LB	5HB-2
		11LB	11HB-1
		15.5LB	15.5HB-1
	Kidde	2.5LB	ProPlus 2.5HM
		5LB	ProPlus 5HM
		11LB	ProPlus 11HM
		15.5LB	ProPlus 15.5HM
ULC	Badger	2.5LB	2.5HBC
		5LB	5HBC
		11LB	11HBC
		15.5LB	15.5HBC

Currently, Badger Fire Protection does not have a replacement offering for this product.

Thank you for your continued support in Badger products. If you have any questions, please contact your regional sales manager or Badger Customer Service at (434) 964-3200.

Sincerely,

Luis Giron
